Our Mission:  
The mission of the NCCDP® is to promote, encourage and enhance the knowledge, skills and practice of all persons who provide care and / or services to Dementia clients by means of requiring excellent standards of education, Dementia specific training and incentives for professional development of those who are dedicated to the ever growing field of Dementia Care.

"One trainer affects thousands of healthcare professionals and caregivers."  
---Sandra Stimson, CEO NCCDP

Read some of the comments and thoughts our class participants shared with us at NCCDP:

"I wanted to share that the feedback from DADS staff was very positive. They very much enjoyed the training. Your trainer was very professional and dynamic. Thank you for providing us this opportunity!"

-Michelle D. -MSN, RN, Austin, Texas

"Great help for those in the industry. Super resources, strategies, practical every day guidance for care givers."  
Thank you! You were wonderful, engaging and your passion is contagious. Keep it up"

-Lennie K. RN, BS, CDP, CADDCT

"Speaker was very knowledgable, enjoyed the personal stories. I learned many new ideas regarding wandering, cultural issues and communciations."

-Ellen T. BSN, RN, CWS, CDP, CADDCT

"Was not disappointed and kept my interest. I learned how to interact to help support family with understanding dementia and tools to help with the significant other."

-David R. LPN

National Council of Certified Dementia Practitioners

“Worldwide Leader in Dementia Education and Dementia Certification For Health Care Professionals”

Are You Certified?  
It’s Time to Invest in Yourself!  
NCCDP recommends that at minimum there should be one staff member per shift who is a CDP: Certified Dementia Practitioner®.
NCCDP Offers Several Certifications:

➤ CDP Certified Dementia Practitioner Certification is open to all health care professionals and front line staff that qualify and have completed the live 8-hour Alzheimer’s Disease and Dementia Care seminar taught by a NCCDP approved CADDCT Trainer. We’re Taking Dementia Education to a Whole New Level!

➤ CADDCT Certified Alzheimer’s Disease and Dementia Care Trainer Certification is open to in-service directors, trainers, consultants who work in the health care industry or educators who work in learning institutions. Seminar includes all training materials. One trainer affects thousands of health care professionals and workers.

➤ CDCM Certified Dementia Care Manager Certification is open to professionals who provide direct supervision over an Alzheimer’s Disease and Dementia Care Unit in an Assisted Living, Nursing Home or CCRC Community. Includes: Policy & Procedure Dementia Unit Manual.

➤ CFRDT Certified First Responder Dementia Trainer Certification is open to educators who provide training to First Responders. The instructor will be provided all the necessary tools to conduct comprehensive Alzheimer’s Disease and Dementia Training. The seminar not only covers key aspects of dementia but also elopement, driving concerns, abuse and neglect.

➤ CFR-DT Certified First Responder-Dementia Trained is open to those First Responders who have completed the one day Alzheimer’s Disease and Dementia Seminar for First Responders by an approved NCCDP CFRDT trainer and who qualifies for certification. First Responders who work for Law Enforcement, Medical Emergency Service, Fire Fighters, Red Cross, Salvation Army, Hazard Management, as well as National and Homeland Security are welcome to apply.

NCCDP can bring the seminars to your association or company. Ask us about our rates.

Download complimentary staff training in-services annually from November 1st to March 15th for NCCDP Alzheimer’s disease and Dementia Care Staff Education week and includes the power point, hand outs, pre test and post test, tool kit and nomination forms for educator of the year.

Facilities and home care agencies who specialize in older Americans are now 80 percent dementia clients. You cannot afford to wait to update your dementia education and obtain dementia certification.
